

Palirria S.A. supports the local football team of Politika Evia

Politika, 22/11/2016

Providing help and support to the local community is a high priority for the Management of Palirria S.A. This is the reason why the company offered full equipment (jackets, bags, uniforms, tracksuits, socks and caps) to all players of the local football team of Politika Evia as part of its social contribution.

The players of the team are really thankful for this generous and kind gesture highlighting how important are these actions for local communities. As a gesture of appreciation they took a picture wearing their tracksuits.
